

## Virtual Bridge Games in GTA

Last revised: Oct 16, 2020

Some GTA bridge clubs are running virtual (online) games. While Etobicoke Bridge is not hosting any virtual games, the tri-club combination of MOBridge, Etobicoke and Bronte/Halton/Shoreline has games that are available to “regulars” from these clubs. A “regular” is defined as someone who has played at a club at least once after January 1<sup>st</sup>, 2019. By playing in these games, you are supporting neighbour clubs and also EBC. Non-open players should note that both MO and Bronte// have some limited games.
